Panel Mount Appliance Inlet**3138-324-1610**

63A - 125A ALPHA CONNECTORS

Düz fiş ve uzatma prizlerinde fiş ve kontak taşıma gövdeleri, makine fişi ve makine prizlerinde flanş ve kontak taşıma gövdeleri ayrı parçalardan oluşmaktadır. Böylece, flanş sökmeden kablola-
ma ve fiş-priz değişimi yapılabilir.

Plug, flange, and contact-carrying bodies consist of independent parts. In this way, wiring and plu socket replacement can be done without removing the flange.
